# NEW YORK SPACES

is delighted to celebrate the **TOP 50** for 2013, the magazine's sixth-annual listing of the New York Metropolitan Area's best and brightest in design and decoration. Congratulations to each and every one of you. It is a great honor to have this opportunity to recognize the supreme excellence of your work, and to celebrate the extraordinary talent that each of you brings to this remarkable field of interior design. Your tireless pursuit of everyday beauty and seamless practicality for your clients is inspirational. It is what makes the design industry unique.

This evening brings together the industry—designers and vendors alike—in one room, a rare and wonderful occasion. In commemoration of the shared endeavor that is design at its finest, this inaugural Top 50 Journal encompasses the wide spectrum of individuals and firms—all of you—who contribute your brilliance and commit your very best efforts to serving the industry superbly. It includes profiles of each of the **TOP 50 designers**. It also features a directory of select vendors and a compendium of the **TOP 50**'s favorite resources. More than a lasting reference, this Journal is also a means for giving back: a portion of the proceeds will go to Parsons The New School for Design. In that, it follows the design industry's long-established standard for generosity and public service.

Thank you to all of you who have helped to make this evening possible, and this industry so memorable. Special appreciation extends to Mitchell Gold + Bob Williams, whose support is beyond measure. Deep gratitude goes to each of the sponsors—AXOR/Hansgrohe, Sherwin-Williams, SieMatic, and Waterford—without whom this evening would not be achievable.
